DETAILED ACTION

Allowable Subject Matter

1. Claims 23-32, 63-72, and 103-112 are allowed.
2. The following is an examiner's statement of reasons for allowance: applicant filed a proper Terminal Disclaimer (March 7, 2005) to obviate a double patenting rejection (mailed December 8, 2004). Applicant also moved content from a dependent claim into the independent claim, namely, authenticating the operably connected component to the security core, computing a hash value, hashing the hash value and the unique identifier thereby creating a hashed data block, digitally signing the hashed data block using a private key, and providing the digitally signed hashed block as the digital notarization—all of these actions being performed by the security core.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record is attached below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

Art Unit: 2136
